buddy or
friend on
campus**

**Text your CC GEAR UP
Peer Mentor for free help:
(360) 362-0754**

GRAD SERVICES

Abi Lundblad
Peer Mentor

Hello! My name is Abi Lundblad, and I am a student athlete here at Centralia College. I'm very excited to meet everyone!

A little bit about me: I was born in Nevada but grew up in Bremerton, Washington. I am currently working on an Associate's in Science, studying Chemistry. One of my favorite things about this campus is the variety of events. It's so easy to get involved and have fun, even if you are only on campus for a couple of hours. Some of my favorite hobbies are playing basketball, hiking, and spending time with my cat, Nemo.

I am excited to be a peer mentor because helping people has always been one of my passions. I had a truly great experience during my freshman year here, and I hope to share that with more people! Have a great Fall quarter!

Leo Oxford
Peer Mentor

Hi! My name is Leo. I grew up in New Orleans, Louisiana. I enjoy art and taking care of exotic animals.

My favorite thing about Centralia college campus is how many resources they have available for students, and the study spaces.

I'm so excited to help students navigate college and become more comfortable in the academic setting!

Jaylene Hernandez
Peer Mentor

I grew up in Lewis County on a small farm in Chehalis.

I'm currently studying Criminal Justice.

One of my favorite hobbies is being outside with my animals and reading a good book.

One of the things I love about campus is that you can always find help, and the campus looks beautiful during the fall season.
