GRAD SERVICES

Avery Hayes

Peer Mentor

Hi there, my name is Avery Hayes! I am currently getting my General AA degree at GHC. In my spare time I enjoy doing anything creative like writing, drawing, and crocheting.

I am excited to work as a peer mentor and help students succeed in college!

Janaye Mattice

Peer Mentor

My name is Janaye. I am a first generation student coming back to college after a break!

I have spent the last two years working on my prerequisites and have started in the nursing program this year! I love singing and musical theatre and have been in two musicals this year!

The faculty at campus is amazing, the teachers are wonderful, and if you need to know anything music or theatre, I can do my best to help!

I am here to be an extra resource, so please keep me updated! I want to know all about your journey through college!
