

GEAR UP ACTIVITY IDEA

MATH SPECIALISTS

Objective

To support students in graduating and becoming college-ready in Mathematics by engaging with them both inside and outside the classroom, thereby fostering meaningful connections and providing additional adult guidance.

Procedure

1. **Hire two Math Specialists** to assist GEAR UP students during classes, advisory periods, and lunch.
2. **Offer both one-on-one and group support.** The specialist may also organize tutoring sessions for testing and or help analyze data to place students in the appropriate classes.

Themes

Graduation Requirements, Test Preparation, Tutoring & Homework

Audience

All GU students

Grade Level(s)

9-12

Cost

TBD by GEAR UP staff and the school district.

Required Materials

- Two staff members
- A designated budget
- A workspace

Prep Time

- It varies depending on the needs of specialists, teachers, and students.
