## **WSECU x TEDxYouth@Seattle Financial Literacy Salon Spring 2022**

This Financial Literacy Salon is offered in partnership with [WSECU](#) (Washington State Employees Credit Union). In this group-directed and interactive event, youth participants will learn about finances and making smart money moves for their future. Here is a [video](#) from our Fall Salon!

**What is a Salon?** A salon is a small event in between regular TEDxYouth events that keep a TEDxYouth community engaged in learning. It's a unique type of gathering hosted by TEDxYouth organizers which allows the conversation to continue in person.

**Who is TEDxYouth@Seattle?** Founded in 2019, we are focused on building a diverse, inclusive, and community minded organization. In the spirit of TED's Ideas Worth Spreading, TEDxYouth@Seattle is a unique gathering for the Greater Seattle community led by an all-volunteer staff that seeks to create events that are educational, inspiring, and motivational. We are licensed through [TED](#) to host our own TEDx events featuring youth (ages 15-24) who will share and express their ideas, talents, and ongoing work towards a better future. *The mission of TEDxYouth@Seattle is to create events and gatherings that are self-sustaining and enrich our audience, our speakers, our volunteers, and our partners.*

### **The Details:**

- \*Hosted in Spring 2022 (3 sessions are available for booking)
